

It's not racism... A Litany for Thinking Human Beings

Color is only skin-deep. It's not the outside of a person that counts... it's what is inside the person that counts. Racism is only an excuse for many other things. The Human Genome Project has determined that all human beings are 99.9% alike genetically.

Could racism really be about the remainder 1/10 of a single percentage point?

It's not racism... it's capitalism. It's not racism... it's communication.

It's not racism... it's competition.

It's not racism... it's decency

It's not racism... it's determination.

It's not racism... it's economics.

It's not racism... it's education.

It's not racism... it's family values.

It's not racism... it's fear.

It's not racism... it's a historical pattern of war and destruction.

It's not racism... it's ignorance.

It's not racism... it's a lack of class.

It's not racism... it's manipulation for political power.

It's not racism... it's nationalism. It's not racism... it's natural selection.

It's not racism... it's personal choice. It's not racism... it's personal preference.

It's not racism... it's personal taste.

It's not racism... it's poor breeding.

It's not racism... it's poor manners.

It's not racism... it's power.

It's not racism... it's prestige.

It's not racism... it's protecting one's turf.

It's not racism... it's scarce resources.

It's not racism... it's self-destruction.

It's not racism... it's social class.

It's not racism... it's survival of the fittest.

It's not racism... it's taking care of one's own.

It's not racism... it's territorial imperative.

It's not racism... it's time restraints.

It's not racism... it's unwillingness to learn about others.

It's not racism... it's upbringing.

It's not racism... it's values.

It's not racism... it's Xenophobia: A primordial fear of strangers.
